TOKEN AND MEDAL MAIL BID SALE # 31 - Closes Wednesday, Oct. 12, 1988

A change in policy begins this sale (see paragraph 4 below). No bidding information will be given out. (No more calling to check the status of your bids. There is no longer any advantage phoning in bids the closing night.) The sale will be run as if it were a sealed bid auction. See end of sale for reasons for this change.

### MAIL BID SALE RULES & TERMS

1. All bids for this sale must be received no later than the above closing date. All lots sold to the highest bidder. If tie, lot goes to bidder with higher winning dollar total.
2. Minimum bid is 75¢ per lot, unless noted otherwise. Unreasonably low bids may be rejected; unreasonably high bids on common or low value items will be reduced. Bid a definite dollar and cents amount per lot. Estimates when given are generally conservative.
3. Winning bids over \$10 will be reduced to a 20% advance over the next highest bid whenever possible, up to a maximum reduction of 50%. Bids will not be reduced to under \$10 (except possibly when duplicate specimens are available). If duplicates of a lot are sold, the top bidders all get the lot at the same reduced bid.
4. You may phone in your bids (9AM to 10PM my time). No information will be given regarding the status of your bids (current high bid or underbid will not be revealed). Submit your maximum bid; it will be reduced whenever possible (see above). I will give bidding advice (generalities only) to newcomers to the hobby. Sale ends when 15 minutes goes by without a call after 9PM on closing day. Bidding results will not be given out over the phone the first two days after the sale ends.
5. Established bidders will be sent lots with bill and invoice within 2-3 weeks after closing. Others will be billed first. Please pay promptly upon receipt of lots or statement. Postage, insurance, and a 50¢ handling charge will be added to the bill. There is no other buyer fee. Calif. residents must pay sales tax or provide a resale certificate.
6. The Prices Realized list is available for \$1.00, or 50¢ & SASE in advance. Subscription to next 4 sales (catalogues only) is \$4.50. With Prices Realized, \$6.50. (For Canada, \$6.50 and \$8.50; for foreign \$10 and \$13.)
7. Lots may be returned within 5 days of receipt if there is an error in description or material sent. Check your bids for errors and keep a record of your bids. You are responsible for your bidding errors.
8. The lot descriptions generally follow the pattern: Obverse/Reverse; metal, size in mm, condition. See inner back cover for abbreviations used. The illustrations are pencil rubbings or photocopies, and are reduced in size. Cities or states in parenthesis are not on the tokens; objects pictured or comments are also given in parenthesis.

☐

Time to renew your subscription (see #6 above, or below, for rates); not essential in order to receive next sale catalogue, unless box below is also checked.

☐

You are on the verge of being dropped from my mailing list. To continue receiving future mail bid sale catalogues, either subscribe, or be a successful bidder in this sale.

☐

As you have been an inactive subscriber, or bought less than \$15 in auction material over the last four sales, (re)subscription rate is \$8, or \$10 with PRs; \$10 or \$12 for Canada; \$12 or \$15 for foreign.

Your consignment in this

sale is Number: 31 AA, AB

# MAIL BID SALE # 31

Note: See inside front cover for new policy beginning this sale - no longer will information be given out regarding the bidding status on any lots (2nd highest bid no longer revealed, nor if your bid is high or not).

End of Mail Bid Sale # 31.

In previous sales I revealed the current second highest bid or if your bid was high or not. Plus I allowed daily phoning to check the status of your bids. The large amount of time and work this involved was not worth the slightly higher return in prices realized it generated. If fact, I feel it may have even lowered the return, as some bidders didn't bid their maximum; instead they raised in small increments. Other bidders scanned lots just to find bargains. I feel all this was unfair to the bulk of bidders (about 95%) who just sent in their bids and took their chances. So these changes will help 95% of my customers (who will not have to change their way of bidding) as they don't have to worry about people phoning in for information in order to top their bids by a small amount.

I am not computerized. So I need the two days after the sale closes to do all the paperwork (determining winning bids and successful bids of each of 325 or so bidders). I will not be giving out any sale results those days, so don't phone me then, as I need to work uninterrupted.

Consignments are needed for my next sale, #32, to close in Feb. 1989. Please submit as soon as possible to assure placement in that sale.

I still have my entire and intact amusement tokens collection available for sale as a collection (the best of its kind). About 16,000 different tokens. Price on request.

If you would like to receive a pencil rubbing of one or more lots in this sale, please include a stamped return envelope.

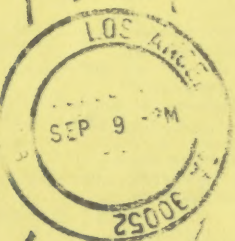

Attention DAV license plate tag collectors: I recently bought a hoard of over 2500 tags from 1950 to 1976. Let me know which states and years you are interested in purchasing.
